Science and Management Resources, Inc. (SMR) is a diversified metrology, technical, and management services firm.

SMR was incorporated in the State of Maryland in September of 1978. Our corporate income is 100% derived from the performance of government contracts, all of which require highly skilled management, technical, and support personnel in the fulfillment of requirements. SMR's corporate office is in Pensacola, Florida.

Key Capability Areas:

- Metrology Precision Calibration
- Logistics Procurement & Inventory Support
- Life Cycle Engineering
- Program Analysis/Statistician Services
- Engineering & Technical Services
- Calibration & Repair Laboratory Support
- Systems Engineering
- Maintenance Automation
- Measurement Requirements Analysis
- Forklift Operation
- Standards Support
- Geometric Dimensioning & Tolerancing
- Machining Support
- Warehouse Support
- Transportation Support
- Training Program & Record Keeping
- Program Management Support
- Quality Assurance Management Systems
- Root Cause Analysis, Internal Audit, MICT
- Management Reviews
- Laboratory Operation & Budgeting
- RADIAC Administration, Technical Support
- Tool Control
- Maintenance Management
- On-Site Calibration, CONUS & OCONUS
- Safety & Occupational Health Programs

SMR : Corporate detailed Program Management, functional Process Evaluation, clearly defined Performance Objectives, stated Milestones, dedicated Review Point analysis, assigned Action Items, approved Responsibility flowcharts, Personal Development goals.

Highlights of Current and Recent Operations:

Patrick SFB Metrology Lab, Cape Canaveral, Patrick Florida, Operation and Maintenance Type IIC PMEL, Program Management, Quality Management, Logistics, Ascension Island Support, 68-degree room support, AFMETCAL Certification, Priority, FOD, Tools, HAZMAT, Environment Control, with Tight Turn-Around Time Requirements Met and excellent performance metrics achieved.

NAVAIR PMELS, CONUS and OCONUS, On-Site & In Lab METCAL program calibration, Program Management, Life-Cycle Management, Training OJT Program, and Oxygen Support including rebuild and repair of depot assets.
NSWC Crane, GXT Metrology & Calibration, Engineering support, Calibration Laboratory

Corona Gage and Standards, PMEL, Support and Machine Shop MSTL, Gage Production, Machining, Engineering, Project Support, Warehouse & Supply, Transportation Support, and Navy Procurement SharePoint, Yorktown RADIAC Lab, RADIAC Cal Lab, Quality Assurance

Property Management, NSWC Corona, Procurement Support, ERP, Inventory, Project Management Support, Purchase Requisitions

NSWC Corona Seal Beach, Operation and Maintenance of Type III U.S. Navy PMEL, Systems Engineering & Technical Services, Measurements Requirements Analysis, Weapons, Warfighting Ships and Submarine support, METBENCH, Training, Reverse Engineering, Virtual, Automation

SMR Proudly Serves Government Agencies, the U.S. Navy, and the U.S. Air Force with a Strong Record of Operating and Maintaining Contracts.

SMR has forty-plus years of demonstrated strong abilities to effectively manage complex projects so that the results over and above the requirements of our contracts are attained. The high quality of the planning, management and evaluation process employed in the administration of our contracts consistently produces outcomes which exceed expectations.
